ASSISTIVE TECHNOLOGY

Assistive technology is any item, piece of equipment, software or product system that is used to increase, maintain, or improve the functional capabilities of persons with disabilities. Different disabilities require different assistive technologies. Assistive technology includes products and services to help people who have difficulty speaking, typing, writing, remembering, pointing, seeing, hearing, learning, and walking. (Definition downloaded from Assistive Technology Industry Association: <http://www.atia.org/i4a/pages/index.cfm?pageid=3859>).

State Department of Human Services

Division of Vocational Rehabilitation (VR)

Oahu - 808.586.5167 (Voice/TDD) or 808.586.5167 (Non-Blind)

Hilo – 808.974.6444 (Voice/TDD)

Kona – 808.323.0025(Voice/TDD)

Wailuku – 808.984.8350 (Voice/TDD)

Molokai/Lanai – 808.553.3651 (Voice/TDD)

Kauai – 808.274.3333 (Voice/TDD)

Website: <http://humanservices.hawaii.gov/vocationalrehab/>

Vocational Rehabilitation is a state-federal program for persons with disabilities who require assistance to prepare for, secure, retain or regain employment. VR provides a rehabilitation worker who specializes in job training and job placement. VR may provide assistive technology and training depending on the skills needed for employment. State Department of Human Services Ho'opono Services for the Blind

Phone: 808.586.9744

Website: <http://humanservices.hawaii.gov/vr/hoopono/about/>

Ho'opono Services for the Blind is a branch of the Department of Human Services (DHS) Division of Vocational Rehabilitation (DVR) that provides comprehensive and specialized services that meet the varied needs of persons who are blind, both deaf and blind, or visually impaired. The Ho'opono Computer and Assistive Technology Class is a classroom laboratory where blind and visually impaired students learn how to use computers to do word processing, email, browse the internet, scan, and read paper documents using specialized software. Students learn about how to use recorders, cell phones, note takers and other devices that help with personal organization, communication and taking notes.
